➔ 1. Logging In & Out

The admin panel is the private area where you manage all the content on the library website. Only you and authorized staff can access it.

How to Log In

1 Open your web browser

Use Google Chrome, Microsoft Edge, or Firefox for best results.

2 Go to the admin login page

Type your website address followed by `/admin/` in the address bar. Example:

`https://yoursite.com/admin/`

3 Enter your username and password

Type your credentials in the fields provided. The default is

admin

for username and

admin123

for the password — but you should change this after your first login.

4 Click "Sign In"

You will be taken to the Dashboard if your credentials are correct.

 **Important:** After your first login, immediately go to **Settings** → **Change Password** and set a strong personal password. Do not leave the default password active on a live website.

How to Log Out

Always log out when you are done, especially if you are using a shared or public computer.

1 Look at the top-right corner of the admin panel

You will see your username or a logout button.

2 Click "Logout"

You will be redirected back to the login page. Your session is now safely closed.

 For security, the system will automatically log you out after **2 hours** of inactivity. If this happens, simply log in again.

2. Dashboard

The Dashboard is the first page you see after logging in. It gives you a quick overview of your website content and recent activity.

What You Will See

Section	What It Shows
Stat Cards	A row of colored cards showing counts — how many New Arrivals, Programs, Online Resources, Personnel, Holdings Categories, and whether a Featured resource is set. Click any card to go directly to that section.
Quick Actions	Shortcut buttons for the most common tasks: Add New Arrival, Update Featured Resource, Add Program, Add Personnel, Edit Settings.
Recent File Changes	A table showing which parts of the website were most recently updated and when. Useful for tracking what was last changed.
View Public Site button	Located at the top right. Click it to open the live public website in a new tab so you can see your changes.

Tip: After making any change in the admin panel, click **"View Public Site"** (top-right of dashboard) to check how it looks on the actual website.

★ 3. New Arrivals

> Admin Menu → New Arrivals

This section controls the "New Arrivals" cards shown on the homepage. Each card represents a recently added book, thesis, journal, or other library material.

How to Add a New Arrival

1 Click "Add Arrival"

The button is in the top-right corner of the New Arrivals page. A form panel will slide open.

2 Fill in the details

See the field descriptions below.

3 Upload or select a cover image

Either drag and drop a photo into the upload box, or click "Browse" to pick one from the Media Library.

4 Click "Add Arrival" to save

The item will appear in the list and on the public website immediately.

Fields

Field	Required?	Description
Type	Required	Choose what kind of material this is: Book, E-Book, Thesis, Module, Video, Journal, Magazine, or Other.
Title	Required	The full title of the book, thesis, or material.
Author / Creator	Optional	The author's name. Leave blank if not applicable.
Date Added	Optional	The date this material was acquired or added. Example: 2025-01-15
Cover Image	Optional	A photo of the book cover or a related image. JPG or PNG, max 5 MB.

How to Edit an Existing Arrival

1 Find the item in the list

All arrivals are shown in a table on this page.

2 Click the pencil () icon

The form will open with the current information already filled in.

3 Make your changes and click "Save Changes"

How to Delete an Arrival

1 Click the red trash (🗑️) icon

Located in the Actions column for each item.

2 Confirm the deletion

A confirmation box will appear. Click OK to permanently delete the item.

⚠ Warning: Deleting an arrival is permanent. There is no undo button. Make sure you really want to remove it before confirming.

👤 4. Personnel

> Admin Menu → Personnel

This section manages the library staff cards shown on the "Library Personnel" (Administration) page of the public website.

How to Add a Staff Member

1 Click "Add Personnel"

The button is at the top-right of the page.

2 Fill in the staff member's information

See the field descriptions in the table below.

3 Upload a profile photo

Click the photo upload box or use "Browse" to pick from the Media Library. A square photo works best (like a 1×1 inch ID photo format).

4 Click "Add Staff"

Fields

Field	Required?	Description
Full Name	Required	The staff member's complete name. Example: Maria Santos
Role / Position	Optional	Their job title. Example: University Librarian, Library Assistant
Bio / Short Description	Optional	A 1–2 sentence description shown on their card. If left blank, a default text is used.
Specialization	Optional	Their area of expertise. Example: Reference Services, Cataloging
Department / Section	Optional	Which section they belong to. Example: Circulation Section, Technical Services
Email	Optional	Their work email address. Will appear as a clickable link on their card.
Extension	Optional	Their office phone extension number.
Profile Photo	Optional	If no photo is uploaded, their initials will be shown in a circle placeholder instead.

 **Tip:** Staff cards are displayed in the same order they were added. The first person added appears first on the page.

5. Programs & Events

> Admin Menu → Programs

This section manages the "Programs, Events & Activities" page. Each entry represents one library program such as Library Orientation, National Book Week, or other campus events.

How to Add a Program

1 Click "Add Program"

Button at the top-right of the page.

2 Fill in the program details

3 Upload event photos (optional)

You can upload multiple photos at once. These appear as a photo gallery on the program page.

4 Click "Add Program"

Fields

Field	Required?	Description
Title	Required	The name of the program. Example: Library Orientation 2025
Label / Tag	Optional	A short category label shown above the title. Example: Annual Program, Ongoing, Special Event
Description	Optional	A paragraph explaining what this program is about.
When is it Held?	Optional	Describe the schedule. Example: Every start of the school year, held in June.
Who Should Attend?	Optional	Describe the target participants. Example: All incoming freshmen and transferees.
What's Covered?	Optional	List what will be discussed or done. Example: Library tour, OPAC tutorial, borrowing rules.
Contact / Get in Touch	Optional	Contact information for inquiries. Example: Email the librarian at library@pup.edu.ph
Photos	Optional	Upload one or more event photos. These form a clickable photo gallery.

Removing a Photo from a Program

When editing a program, existing photos are shown with a small checkbox labeled "Remove." Check the box next to any photo you want to delete, then click Save.

6. Library Services

> Admin Menu → Services

This section manages the "Library Services" page. Each entry is a tab on that page (for example: Circulation, Reference, Special Collections). Each tab has a title, description, image, and a list of bullet-point items.

How to Add a Service Tab

1 Click "Add Service"

2 Fill in the service information

See the fields table below.

3 Add service items

Click "Add Item" to add each bullet point under this service. Each item has a title and a short description.

4 Upload a service photo

Optional. This image appears alongside the service description.

5 Click "Save"

Fields

Field	Required?	Description
Tab ID	Required	A short code used internally. Use lowercase letters and hyphens only. Example: circulation, reference. No spaces allowed.
Title	Required	The name shown on the tab button. Example: Circulation Services
Icon class	Optional	A Font Awesome icon code. Example: fa-solid fa-book. You can leave this blank.
Description	Optional	An introductory paragraph for this service.
Image	Optional	A photo related to this service.
Service Items	Optional	Individual bullet points. Each item has a title and description. Click "Add Item" to add more, or the X button to remove one.

7. Library Holdings

[Admin Menu](#) → **Holdings**

This section manages the "Library Holdings" page — the numbers shown in the statistics strip and the collection category cards below it.

Statistics Strip

The statistics strip shows animated counting numbers at the top of the Holdings page (e.g., "8,500 Book Titles"). You can update these numbers here.

Field	Description
Target Number	The final number the animation counts up to. Example: 8500
Suffix	Text added after the number. Example: + makes it show "8500+". Leave blank for no suffix.
Label	The text below the number. Example: Book Titles

Click **"Add Stat"** to add a new counter, or the trash icon to remove one. Click **"Save"** when done.

Holdings Categories

These are the collection cards shown further down the Holdings page (e.g., Filipiniana, Theses, Periodicals). Each card shows a number, icon, title, and description.

Field	Description
Number	The collection size number shown on the card. Example: 3,500
Icon class	A Font Awesome icon. Example: fa-solid fa-graduation-cap
Title	The collection name. Example: Filipiniana Collection
Description	A short description of what this collection contains.
Tag	A category label shown as a small badge. Example: Local, Academic, Reference

8. Online Resources

[> Admin Menu → Resources](#)

This section manages the list of online databases and e-resources shown on the "Online Resources" page. Each entry is one database or platform the library provides access to.

How to Add a Resource

- 1 Click "Add Resource"
- 2 Fill in the details
- 3 Click "Save Resource"

Fields

Field	Required?	Description
Name	Required	The name of the database or platform. Example: JSTOR, iG Library
Description	Optional	A brief explanation of what this resource provides.
URL / Link	Optional	The website address users will be sent to when they click this resource. Must start with https://
Category	Optional	Choose from: Academic, E-Books, News & Periodicals, Government, or Other. Used to group resources on the page.
Logo	Optional	Upload the logo/icon image of the database. Square images work best.

9. Featured Resource

> Admin Menu → Featured

The Featured Resource is a highlighted spotlight shown on the homepage. It highlights one special resource, book, or collection that you want to promote at any given time. There is only one featured item — it replaces the previous one every time you save.

How to Update the Featured Resource

1 Go to Featured in the admin menu

2 Fill in or update the fields

All current information is already loaded in the form.

3 Click "Update Featured Resource"

Fields

Field	Required?	Description
Title	Required	The name of the featured resource.
Description	Optional	A few sentences describing the resource and why it's notable.
Link / URL	Optional	A link where users can access the resource. Use # if there is no direct link.
Image	Optional	A cover photo or thumbnail image for the resource.

10. About Page

> Admin Menu → About

The About page has three sections you can manage: the VGMO (Vision, Goals, Mission & Objectives) cards, the Library Hours schedule, and the History Timeline.

Section A: Vision, Mission, Goals & Objectives (VGMO)

These are four content cards shown on the About page. Edit the text in each box and click "**Save VGMO**".

Card	What to Write
Mission Statement	A paragraph describing the library's mission — what it does and why.
Our Vision	A paragraph describing the library's vision for the future.
Goals	A list of goals. Each line is one goal. Click "Add goal" to add more. Click the X button to remove one.
Objectives	A list of objectives. Same format as Goals.

Section B: Library Hours

This controls the weekly schedule shown on the About page AND the "Open Today / Closed Today" status shown on the homepage. Update this whenever the schedule changes.

- 1 Scroll down to "Library Hours"**
- 2 For each day, check the "Open" checkbox if the library is open that day**
Leave it unchecked for days the library is closed (e.g., Sunday).
- 3 Enter the hours in the Time field**
Example: 8:00 AM – 5:00 PM. If closed, you can type "Closed" or leave it blank.
- 4 Update the Notice/Note field if needed**
This is optional text shown above the schedule. Example: "No Noon Break" or "Extended hours during finals week."
- 5 Click "Save Hours"**

i The homepage hero card automatically shows "Open Today" or "Closed Today" based on what you set here. For example, if today is Saturday and Saturday is unchecked, it will say "Closed Today" on the homepage.

Section C: History Timeline

This is a list of important dates and milestones in the library's history, shown on the About page.

How to Add a Timeline Event

1 Click "Add Event"

Button at the top-right of the Timeline section.

2 Fill in the Year, Title, Short Description, and Expanded Detail

3 Click "Save Event"

Field	Required?	Description
Year	Required	The year the event happened. Example: 1987
Title	Required	A short name for the milestone. Example: Library Established
Short Description	Optional	A brief summary shown directly on the timeline card.
Expanded Detail	Optional	A longer explanation shown when a visitor clicks on the timeline card to read more.

11. Linkages

> Admin Menu → Linkages

The Linkages page shows the library's partner organizations and memoranda of agreement (MOUs). This section has two parts: the text content at the top, and the partner cards below.

Text Content

Edit the introductory paragraph, MOU section title and description, the Call-to-Action (CTA) title and description, and the contact email. Click **"Save Text"** when done.

Partner Cards

Each card represents one partner organization. Add, edit, or delete cards using the **"Add Card"** button and the action buttons in the list.

Field	Description
Title	The partner organization's name.
Icon class	A Font Awesome icon. Example: <code>fa-solid fa-university</code>
Description	A short description of the partnership.

12. Guidelines

[Admin Menu](#) → **Guidelines**

This section manages the Library Guidelines page — the rules and policies shown to library users. Each entry is one accordion section (a collapsible panel with a title and a list of rules).

How to Add a Guidelines Section

1 Click "Add Rule Group"

2 Enter the Title

Example: Borrowing Policies, Internet Use Rules

3 Enter an Intro paragraph

Optional. A brief sentence before the list of rules.

4 Add each rule

Click "Add item" to add a new rule line. Type the rule text and click Add. Repeat for each rule.

5 Check "Open by default"

Optional. If checked, this section will be expanded (visible) when the page loads. Leave unchecked for collapsed.

6 Click "Save"

13. Media Library

> Admin Menu → Media

The Media Library is a central storage area for all images and videos you upload to the website. Instead of uploading the same photo multiple times, you upload it once here and then reuse it anywhere.

How to Upload a New File

1 **Go to Media in the admin menu**

2 **Drag and drop your image into the upload area**

Or click the upload box to browse your computer files.

3 **Wait for the upload to finish**

A green checkmark or success message will appear. The file will now appear in the grid below.

How to Use a Media Library Image in Other Sections

In most sections (Personnel, Programs, Services, etc.), photo fields have a "**Browse**" button next to them. Clicking it opens a popup showing all your uploaded files. Click any image to select it — the URL is automatically filled in for you.

How to Delete a File

1 **Find the image in the Media Library grid**

2 **Click the red trash icon on the image**

3 **Confirm deletion**

 **Warning:** If you delete an image that is currently being used on the website (for example, a staff photo), that image will disappear from the public page. Make sure the image is no longer needed before deleting it.

File Size and Type Limits

Type	Allowed Formats	Maximum Size
Images	JPG, JPEG, PNG, GIF, WEBP	5 MB per file
Videos	MP4, WEBM, OGV, MOV	20 MB per file

14. Site Settings

> Admin Menu → Settings

Site Settings lets you control the overall information of the website — the site name, contact details, social media links, homepage statistics, and the YouTube video for the virtual tour.

General & Contact

Field	Description
Site Title	The name shown in the browser tab. Example: PUP Maragondon – Digital Library
Hero Tagline	The short paragraph shown below "Discover, Learn, and Innovate" in the homepage hero section.
AVP YouTube Video ID	The code from a YouTube video URL. If your video link is <code>https://youtube.com/watch?v=T53v0NejzI4</code> , then the ID is T53v0NejzI4. This controls both the thumbnail image and the video that plays when users click "Watch Full Tour."
Survey URL	The full URL of your Google Form or survey. Example: <code>https://forms.gle/abc123</code>
OPAC URL	The full URL of your library catalog. Example: <code>https://ils.pup.edu.ph/</code>
Address	The library's physical address. Shown on the Administration page contact banner.
Office Hours	General hours text shown on the contact banner. Example: Mon – Fri, 8:00 AM – 5:00 PM
Email	The library's official email address.
Phone	The library's phone number.
Facebook / YouTube / Twitter URL	Full URLs to the library's social media pages. Leave blank if not applicable.

Click "**Save General Settings**" when done.

Hero Stats

These are the 2–3 statistics shown inside the info card on the homepage hero section (e.g., "8,500+ Books").

Field	Description
Number / Value	The value to display. Example: 8,500+
Label	The description below the number. Example: Books

Click **"Add Stat"** to add a new item. Click the trash icon to remove one. Only the first 3 items are shown on the homepage. Click **"Save"** when done.

Animated Counters

These are the large animated counting numbers shown in the statistics strip section of the homepage (separate from the hero card stats).

Field	Description
Target Number	The number the animation counts up to. Use whole numbers only. Example: 8500
Suffix	Text added right after the number. Example: + gives "8500+". Leave blank for no suffix.
Label	The description below the number. Example: Book Titles

15. Change Password

> Admin Menu → Settings → scroll down to Security

Changing your password regularly is a good security habit. It is strongly recommended to change the default password the first time you log in.

- 1 Go to Settings and scroll down to "Security — Change Password"
- 2 Type your Current Password
- 3 Type your New Password
Must be at least 8 characters long. Use a mix of letters, numbers, and symbols for better security.
- 4 Type the new password again in "Confirm New Password"
Both fields must match exactly.
- 5 Click "Change Password"

 **Write down your new password and store it somewhere safe.** If you forget it, the password cannot be recovered through the website — you would need technical assistance to reset it in the server files.

16. Tips & Reminders

 **Always check the public site after saving.** Click "View Public Site" on the dashboard to confirm your changes look correct before closing the admin panel.

 **Use the Media Library for reusable images.** Instead of uploading the same logo or photo multiple times in different sections, upload it once to the Media Library, then use the "Browse" button to reuse it.

 **Image sizes that work well:** Staff photos — square (equal width and height). Book covers — portrait (taller than wide). Event photos — landscape (wider than tall). Logos — square.

 **The order of items matters.** For New Arrivals, Programs, Resources, and Personnel, items are displayed in the order they appear in the list. The item at the top of the admin list appears first on the website.

 **Do not share your admin password.** Only authorized staff should have access to the admin panel. If someone else needs access, create awareness that sharing credentials is a security risk.

 **Log out when finished.** Especially important if you are using a shared computer in the library or office.

 **Red asterisk (*) means required.** Any field marked with a red star cannot be left empty. The form will not save if required fields are blank.

17. Troubleshooting

I saved changes but nothing changed on the public website

Try these steps:

1 Hard-refresh the public page

Press

Ctrl + Shift + R

(Windows) or

Cmd + Shift + R

(Mac) to force the browser to reload the latest version.

2 Try a different browser or incognito/private window

Sometimes old data is stored in your browser's cache.

3 Confirm the save was successful

Look for the green success message ("Saved successfully") at the top of the admin page after saving.

If you see a red error message, read it carefully — it will tell you what went wrong.

I cannot log in — it says "Too many failed attempts"

For security, the system locks out login after 5 wrong password attempts. **Wait 15 minutes** and try again. If you have forgotten your password, contact your website administrator for a password reset.

My image upload failed

Check the following:

- The file must be JPG, PNG, GIF, or WEBP (for images).
- The file size must be under **5 MB** for images, or **20 MB** for videos.
- Make sure you have a stable internet connection when uploading.

A staff photo or program image is not showing on the public website

The image may have been deleted from the Media Library. Go to Media, check if the file is still there. If it was deleted, re-upload the image and re-assign it to the staff member or program by editing their record and selecting the new image.

I accidentally deleted something

Unfortunately, there is no undo for deletions. Data that is deleted is permanently removed. You will need to re-enter the information manually. This is why it is important to double-check before confirming any deletion.

The page is blank or shows an error after saving Settings

Go back using your browser's Back button, or navigate directly to `yoursite.com/admin/settings.php`. If the error persists, contact your web administrator.
